Transitioning to Adult Health Care: Practice Tools & New Website

Source: American Academy of Pediatrics
Stephanie Mucha, MPH
Children with Special Needs Initiatives
smucha@aap.org

The [Center for Health Care Transition Improvement - Got Transition](#) recently released clinical resources on transition from pediatric to adult health care. The Six Core Elements of Health Care Transition (Version 2.0) define the basic components of transition support and are based on the 2011 clinical report, "[Supporting the Health Care Transition from Adolescence to Adulthood in the Medical Home](#)", jointly developed by the AAP (led by the [Council on Children with Disabilities](#)), the American Academy of Family Physicians, and the American College of Physicians.

Three transition tool packages are available in English and Spanish for: 1) practices serving youth who will transition out of pediatric care into adult care; 2) practices serving youth who will remain with the same provider but need to transition to adult-focused care; and 3) practices accepting new young adults into adult care.

Each package includes sample tools that are customizable and available for download. They include a sample transition policy, a tracking mechanism, a readiness/self-care assessment tool, a plan of care template, medical summary, emergency care plan, transfer checklist, and a transfer letter. Each package also includes consumer feedback surveys and two new measurement tools to assess progress in transition quality improvement. According to Patience White, MD, FAAP, the co-director of Got Transition, "We are pleased to make available these new resources to stimulate new quality improvement efforts aimed at ensuring that all youth effectively transition from pediatric to adult-focused care."

To coincide with the release of the updated Six Core Elements, Got Transition launched its newly redesigned website, www.GotTransition.org. The site includes an interactive health provider section that corresponds to the three practice settings. It also includes frequently asked transition questions developed by and for youth/young adults and families, new information for researchers and policymakers, and a robust listing of transition resources.

Nominate Your Colleagues for Chapter Awards Now!

Deadline: Friday, August 1st
Send to: ashley.politz@laaap.org with subject line of "Chapter Awards Nomination"
Include: name of nominee with a few sentences on why that person is being nominated

Award descriptions:

Charles M. Vanchiere Child Advocacy Award: This award is given to recognize special efforts to improve the health of children in Louisiana by increasing their access to needed health care.

Dr. Charles M. "Buzzy" Vanchiere was a private pediatrician in Lake Charles, Louisiana, for nearly 30 years, and a tireless advocate for children's services. He pushed the private sector to accept Medicaid patients when the state first allowed them to bill for screening and diagnostic services. He was president of the LA Chapter of AAP at the time that the federal State Child Health Insurance Legislation was enacted and he was a major force in assuring that Louisiana took advantage of this new opportunity to cover children. He served on medical committees in his parish, in the state and for the American Academy of Pediatrics. He organized and led the Pediatric Society of Southwest Louisiana and the LSU Pediatric Alumni Association. He chaired

the Pediatric Advisory Committee for Medicaid and was a member of the Blue Cross Physician Executive Committee. He was also active in the "Children's Miracle Network" and received it "Miracle Makers" award in 1995 for outstanding service to that program. Dr. Vanchiere died in the year 2000 at the young age of 60 and the Chapter established this award in his name to honor outstanding child advocates.

Bettina C. Hilman Award for Services to Special Needs Children: This award is given to a pediatrician that has provided significant services for special needs children in the state.

Dr. Bettina Hilman is a renowned authority on pediatric cystic fibrosis. After graduating summa cum laude from Centenary in 1949, Dr. Hilman earned a Master of Science degree from Tulane and then earned her MD from Louisiana State University in New Orleans. Dr. Hilman is board certified in both Allergy/Immunology and Pediatric Pulmonary Diseases. Following completion of her training, she held positions in clinics, hospitals and universities throughout the United States and lectured throughout the world. She spent a major part of her career as a researcher and faculty member in the Department of Pediatrics at the LSU School of Medicine in Shreveport. While in Shreveport she served as Chief of the Pulmonary and Allergy Section. During her tenure, she established and served as first director of the LSU Shreveport Cystic Fibrosis Center and the Allergy/Immunology fellowship program.

Dr. Hilman held a number of leadership positions in state and national organizations throughout her career and was an active member of the Louisiana Chapter of the AAP. She served as a member of the AAP's Task Force on Opportunities of Women in Pediatrics in 1978-9. Dr. Hilman was on the editorial boards of a number of journals and served as the editor-in-chief of the journal Pediatric Asthma, Allergy and Immunology for a number of years

Dr. Hilman has been the recipient of numerous awards including the Humanitarian Award for the National Conference of Christians and Jews in 1989, the Shreveport Medical Society Distinguished Service Award in 1996, the William Stewart Distinguished pediatric Alumni Award from LSUHSC-NO in 1996, the Women Who Make a Difference Award in Shreveport in 1997, and was inducted into the Centenary College Alumni Hall of Fame in 1998. The LA AAP presented the David William Van Gelder Distinguished Service Award to Dr. Hilman in 1996 and the Elizabeth Casenelli Award in 2000.

Named in her honor, the Hilman House opened in September 1988 in Shreveport to provide a homelike residence for cystic fibrosis patients and their families to have free housing while undergoing medical treatment at the Cystic Fibrosis Center in Shreveport.

Throughout her career she has been a strong advocate for her patients, for advancing pediatric care, for medical education and for women in medicine.

Chapter Service Award: This award is to recognize a committee or special interest group that has most successfully accomplished its goals and objectives.

Sandra C. Adams Award: recognition of a non-physician in their efforts to improve health of children in Louisiana through advocacy and community involvement.

Sandra C. Adams served as the Executive Director of the Louisiana MCH Coalition from January 1, 1990, when it began, until her retirement on June 20, 2009. The Coalition is a non-profit advocacy organization focused on improving health care for women and children. Ms. Adams was a registered lobbyist at the Louisiana Legislature and worked on a variety of issues including prenatal care, well-child care, adolescent pregnancy, Medicaid eligibility, health insurance reform and comprehensive school health. She concurrently served as Executive Director of the Louisiana Chapter of the American Academy of Pediatrics and managed both the LA AAP Foundation and the LA Perinatal/MCH Foundation.

Her career was shaped by a diverse combination of business, government and non-profit experience in states from coast to coast. After graduation from the University of Maryland, she worked on injury prevention at the US Department of Health and Welfare in Washington, DC. She moved to New York and served as a human resources officer at Bankers Trust Company on Wall Street and then moved to the west coast where she was

a financial analyst for Xerox in Los Angeles. After moving to Louisiana, she sought work in the non-profit realm and led community services for the elderly until she was appointed to a term as Executive Director of the Governor's Office of Elderly Affairs.

Ms. Adams also has an extensive list of volunteer accomplishments including:

- Board of Trustees, Woman's Health Foundation/Woman's Hospital (Past Chair)
- Capital Area United Way Board of Directors and Chair of Community Partnership Division (Allocation Process)
- Council for a Better Louisiana (Member of Board and Executive Committee)
- Past President of WRKF, Public Radio
- Founder and first president of La. Senior Olympics

Louisiana Medicaid Revised Criteria - Insulin Pump Criteria

Source: Louisiana Department of Health and Hospitals
Christine E. Sullivan, RN, MSN
Program Manager Louisiana Medicaid – Benefits and Services
Christine.Sullivan@LA.GOV

Insulin Pump Criteria: Revised Effective June 1, 2014

Payment for a continuous subcutaneous insulin external infusion pump and related supplies will be authorized for treatment of Type I diabetes. Recipients must meet **either** Criterion A or B as follows:

Criterion A: The recipient has completed a comprehensive diabetes education program and has been on a program of multiple daily injections of insulin (at least three injections per day) with frequent self-adjustments of insulin dose for at least six months prior to initiation of the insulin pump; and has documented frequency of glucose self-testing an average of at least four times per day during the two months prior to initiation of the insulin pump; and **meets two or more** of the following criteria while on the multiple daily injection regimen:

- Has a glycosylated hemoglobin level (HbA1c) greater than 7.0 percent;
- Has a history of recurring hypoglycemia;
- Has wide fluctuations in blood glucose levels (regardless of A1C);
- Demonstrated microvascular complications;
- Recurrent severe hypoglycemia;
- Suboptimal diabetes control (A1C exceeds target range for age);
- Adolescents with eating disorders;
- Pregnant adolescents;
- Ketosis-prone individuals;
- Competitive athletes; and
- Extreme sensitivity to insulin in younger children.

OR

Criterion B: The recipient with Type I diabetes has been on a pump prior to enrollment in Medicaid and has documented frequency of glucose self-testing an average of at least four times per day during the month prior to Medicaid enrollment.

In addition to meeting Criterion A or B above, the recipient with diabetes must be insulinopenic per the updated fasting C-peptide testing requirement, **or** must be autoantibody positive (e.g. islet cell autoantibodies (ICA), glutamic acid decarboxylase (GAD65), the 40K fragment of tyrosine phosphatase (IA2), insulin autoantibodies (IAA), or zinc transporter 8 autoantibodies (ZnT8).

Updated fasting C-peptide testing requirement:

- Insulinopenia (defined as fasting C-peptide level less than or equal to 110 percent of the lower limit of normal of the laboratory's measurement method)
- Fasting C-peptide levels will only be considered valid with a concurrently obtained fasting glucose less than 225 mg/dl
- Levels only need to be documented once in the medical record

The pump must be ordered by and follow-up care of the recipient must be managed by a physician who has familiarity with continuous subcutaneous insulin infusion (CSII) and who works closely with a team of nurses, diabetes educators and dietitians who are knowledgeable in the use of CSII.

Non-Covered Items DMEPOS

Continuous subcutaneous insulin external infusion pumps shall be denied as not medically necessary for all Type II diabetics, including insulin requiring Type II diabetics.

Insulin for the continuous subcutaneous insulin external infusion pumps must be obtained through the Pharmacy Program and is not covered in the DMEPOS Program.

Louisiana Medicaid will not cover the replacement of a currently functioning insulin pump for the sole purpose of receiving the most recent insulin pump technology as this would not be medically necessary.

Louisiana Medicaid will not cover additional software or hardware required for downloading data to a device such as a personal computer, smart phone, or tablet to aid in self-management of diabetes mellitus.

2014 Red Stick Pediatric Potpourri

This comprehensive three day course is designed to help the pediatrician and pediatric sub-specialist efficiently and effectively address pediatric problems on a daily basis and better serve the pediatric population. At the conclusion of the three day conference, the attendees should be able to:

- Establish a listing of the common and uncommon causes of viral meningitis and encephalitis; appreciate the spectrum of CNS disease from meningitis to meningoencephalitis to encephalitis; discuss non-infectious causes of encephalitis/encephalopathy, including autoimmune (anti-NMDA)
- Recognize the unique visual aspects of the various cases presented; discuss the differential diagnosis of the conditions presented; review the therapy of the conditions represented by the cases presented
- Recognize the varied clinical presentations of superficial fungal infections; initiate appropriate therapy for fungal infections
- Identify which congenital nevi are of concern; recognize appropriate workup and management of congenital nevi; communicate to parents when to be concerned
- Describe the factors contributing to the pathogenesis of acne; assess types of acne lesions and severity; design an appropriate treatment plan

Recognize changing concepts about infantile hemangiomas; become familiar with new emerging therapeutic options for infantile hemangiomas; recognize when to perform a more extensive evaluation of a newborn with an infantile hemangioma.

TARGET AUDIENCE

An integrated educational program for pediatricians and pediatric specialists. Content is appropriate for other health care professionals including registered nurses.

JOINT SPONSORSHIP STATEMENT

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Louisiana State Medical Society (LSMS) through joint sponsorship of Woman's Foundation, Inc., Woman's Hospital of Baton Rouge, and Louisiana Chapter of the American Academy of Pediatrics. The Woman's Foundation, Inc. and Woman's Hospital of Baton Rouge are accredited by the Louisiana State Medical Society to provide continuing medical education for physicians. The Woman's Foundation, Inc. takes responsibility for the content, quality and scientific integrity of this CME activity.

DESIGNATION STATEMENT

The **Woman's Foundation, Inc.** designates this live educational activity for a maximum of **15.50 AMA PRA Category 1 Credits**™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Other attendees will be given Certificates of Attendance which may be used to obtain continuing education credit with their respective boards/professional societies.

CONFERENCE SCHEDULE

FRIDAY, AUGUST 22, 2014		
11:30 – 12:30 P.M.	Registration/Box Lunch	
12:30 – 12:45	Welcome/Opening Remarks/Introductions	Bryan Sibley, MD, La AAP President Ashley Politz, LMSW, La AAP Executive Director Michael Judice, MD, Moderator
12:45 – 1:30	Encephalitis: Current Concepts	David Kimberlin, MD, University of Alabama at Birmingham School of Medicine
1:30 – 2:15	Potpourri of ID Visual Diagnosis Cases – Part 1	James Brien, DO, Texas A&M Health Science Center College of Medicine
2:15 – 3:00	HPV	John Vanchiere, MD, Ph.D, Louisiana State University Health Science Center, Shreveport
3:00 – 3:15	Questions and Answers Session	Faculty
3:15 – 3:30	Break	
3:30 – 4:15	Neonatal HSV – When to Consider it, How to Evaluate it and How to Treat it	David Kimberlin, MD, University of Alabama at Birmingham School of Medicine
4:15 – 5:00	Potpourri of ID Visual Diagnosis Cases – Part 2	James Brien, DO, Texas A&M Health Science Center College of Medicine
5:00 - 5:15	Questions and Answers Session	
5:30	COCKTAILS, HORS D'OEUVRES, RESIDENT POSTER PRESENTATIONS & NETWORKING	

SATURDAY, AUGUST 23, 2014

7:15 – 8:00 A.M.	Registration/Continental Breakfast	
8:00 – 8:15	Welcome/Announcements/Introductions	Bryan Sibley, MD, LaAAP President Ashley Politz, LMSW, LaAAP Executive Director Michael Judice, MD, Moderator
8:15 – 8:30	A Case of Pediatric Paralysis	Kristin Pontiff, MD, Our Lady of the Lake, Baton Rouge
8:30 – 8:45	Xerophthalmis, Vitamin A Deficiency, CF	Megan Murphy, MD, Louisiana State University Health Sciences Center, New Orleans
8:45 – 9:00	Topic and Resident TBD	
9:00 – 9:15	Topic and Resident TBD	
9:15 – 9:30	Questions and Answers Session	
9:30 – 9:45	Break	
9:45 – 10:30	Treatment of Superficial Fungal Infections	Amy Theos, MD, University of Alabama at Birmingham School of Medicine
10:30 – 11:15	Congenital Nevi: When to Worry?	Elizabeth McBurney, MD, Louisiana State University Health Sciences Center, New Orleans
11:15 – 12:00	Cancer or not Cancer: How to Distinguish	Catherine Boston, MD, Our Lady Of the Lake, Baton Rouge
12:00 – 12:15	Questions and Answers Session	
12:15 – 1:30	LaAAP Business Lunch and Awards	
1:30 – 2:15	Management of Acne	Amy Theos, MD, University of Alabama at Birmingham School of Medicine
2:15 – 3:00	Infantile Hemangioma: Past, Present, Future	Elizabeth McBurney, MD, Louisiana State University Health Sciences Center, New Orleans
3:00 – 3:15	Questions and Answers Session	
3:15 – 3:30	Break	
3:30 – 5:00	Master Pediatrician Session	

SUNDAY, AUGUST 24, 2014

7:15 – 8:00 A.M.	Registration/Continental Breakfast	
8:00 – 8:15	Welcome/Announcements/Introductions	Bryan Sibley, MD, La AAP President Ashley Politz, MSW, La AAP Executive Director Michael Judice, MD, Moderator
8:15 – 9:00	The Power of Belief	Ann Tilton, MD, Louisiana State University Health Science Center, New Orleans
9:00 – 9:45	Autoimmune Neuropsychiatric Disorders	Jane El-Dahr, MD, Tulane University School of Medicine
9:45 – 10:00	Questions and Answers Session	Faculty
10:00 – 10:15	Break	
10:15 – 11:00	Pediatric Pseudotumor Cerebri – From Diagnosis to Treatment	Ann Tilton, MD, Louisiana State University Health Science Center, New Orleans
11:00 – 11:45	New Auto-inflammatory Disorders and Biologics	Jane El-Dahr, MD, Tulane University School of Medicine
11:45 – 12:30	A Practical Approach to Leukopenia/ Neutropenia in Children	Lucien “Vandy” Black, MD, Our Lady of the Lake, Baton Rouge
12:30 – 1:00	Questions and Answers Session	Faculty

GENERAL INFORMATION

REFUND POLICY - refunds of any activity fees will be made if cancellations are made prior to **Monday, August 18, 2014**. Absolutely no request for refunds will be honored after this date. No-shows are not eligible for a refund.

REGISTRATION - all participants of the conference must register with the registration desk at the conference prior to all events. Name badges will be provided and will be required for admittance to all activities.

PARKING – parking is available at the Embassy Suites free of charge.

DRESS ATTIRE - business casual - consider layered clothing as heating and cooling conditions may vary.

REGISTRATION DEADLINE - All pre-registrations for this conference must be received at Woman's Foundation office no later than **August 20, 2014**. Onsite registration will be available each day.

HOTEL ACCOMMODATIONS

A specific block of rooms is available for this conference until the **block is SOLD** or until **Wednesday, August 20, 2014**. Please make your reservations early!

Reservations can be made by calling (800-EMBASSY) using group code "PPP" or online at www.Embassysuites.com.

King and Double rates are \$109.00 per night. All room rates are subject to local sales tax and occupancy taxes.

Cancellation Policy: 30 day cancellation policy. Full payment of peak night room if cancelled within 30 days. Early departure fee of \$ 50.00

CONFERENCE REGISTRATION

CONFERENCE REGISTRATION FEES

Registration fees include continental breakfast, breaks, lunch, conference materials and CME/CE credits.

Pre-registration deadline is **Wednesday, August 20, 2014**.

SUIDA Recipe: Ragin' Cajun Bean & Cheese Dip

In just a few minutes you can mix up a warm and tasty Mexican-style bean and cheese dip to serve with chips. It's great for an impromptu get-together. Scoop up bone building calcium, potassium, vitamin D plus protein with this dip and bring out your inner Ragin Cajun!

Ingredients

- 1 (14.5-ounce) can chili-seasoned diced tomatoes
- 1/4 cup water
- 1 teaspoon hot sauce
- 2 teaspoons Cajun seasoning
- 2 (16-ounce) cans pinto or red kidney beans, rinsed, drained and
- 1 cup chopped green bell pepper
- 1/2 cup diced reduced-fat smoked sausage
- Cooking spray
- 4 cups (16 ounces) freshly shredded reduced-fat sharp
- Cheddar cheese, divided
- Baked tortilla chips

mashed with a fork

Directions:

Combine tomatoes and next six ingredients. Spoon mixture into a 2 quart casserole dish coated with cooking spray.

Bake at 350 degrees for 30 minutes or until bubbly. Top with cheese; bake an additional 5 minutes or until cheese melts. Serve with baked tortilla chips.
