### **AAP invites members to comment on 2015 ALF resolutions**

For the first time, AAP members can review and share comments on resolutions being presented at the Annual Leadership Forum (ALF).

Until now, the opportunity to comment on resolutions in advance of the ALF was limited to AAP leadership and staff attending the invitation-only meeting. The ALF is scheduled for March 12-15.

Please share comments on any of the resolutions. An important aim of the ALF is to incorporate diverse perspectives in the discussion and debate of leading pediatric issues. Comments are important to the AAP leadership and representatives of each member's district, chapter, committee, council and section who will attend the meeting and vote on resolutions.

All comments will be compiled and shared with reference committee members. They will be posted online by March 11 so ALF attendees can view the report. No comments will be accepted after March 4.

To share a comment on a resolution, click this link:

### **MOC statement from the AAP and ABP**

From: Errol R. Alden, MD, FAAP  
Executive Director/ CEO  
American Academy of Pediatrics

David G. Nichols, MD, MBA, FAAP  
President and CEO  
American Board of Pediatrics

Dear Pediatrician,

The American Academy of Pediatrics (AAP) and the American Board of Pediatrics (ABP) are aware of the recent decisions by the American Board of Internal Medicine (ABIM) to modify ABIM's Maintenance of Certification program. Both our organizations are committed to a profession of pediatrics that has access to the quality continuing education and professional standards commensurate with our obligation to provide children with the best care.

The suspended MOC program of the ABIM had different characteristics than that of the ABP, including a patient satisfaction component. Although still early in implementation, and not without controversy, the MOC program for pediatricians has shown that ongoing learning, assessment, and quality improvement programs for pediatricians can be beneficial. As an MOC portfolio provider, the AAP has worked closely with many pediatricians across the country on activities that make a meaningful difference for patient care and pediatrician learning.

The ABIM's announcement has raised questions about the status of the ABP's MOC program. As the certifying board for pediatricians, the ABP is working continually to make all parts of MOC relevant and useful to pediatricians. In the coming weeks, the ABP with the input of the AAP, will be examining the ABIM decision based on the data and in the most efficient and cost-effective manner. As always, we welcome comment and feedback so that we can reach the common goal of a profession of lifelong learning.

## **New Timely Filing Guidelines 2/2/15**

### **[New Timely Filing Guidelines](#)**

Effective February 1, 2015: Claims with a date of service and/or date of discharge through January 31, 2015 will follow the 365 day timely filing guidelines. Claims with a date of service and/or date of discharge of February 1, 2015 or later will follow the new timely filing guidelines. [http://www.lamedicaid.com/provweb1/Billing\\_Information/Provider\\_Memo\\_Timely\\_Filing.pdf](http://www.lamedicaid.com/provweb1/Billing_Information/Provider_Memo_Timely_Filing.pdf)

The guidelines do not reference third party liability claims (TPL), although the Request for Proposals which is incorporated into the Bayou Health plans' contracts states:

#### **17.2.5 Timely Filing Guidelines**

17.2.5.1 Medicaid-only claims must be filed within one hundred eighty (180) days of the date of service.

17.2.5.2 The MCO shall not deny provider claims on the basis of untimely filing in situations regarding coordination of services or subrogation, in which case the provider is pursuing payment from a third party. In situations of third party benefits, the timeframes for filing a claim shall begin on the date that the third party completes resolution of the claim.

17.2.5.3 The MCO must deny any claim not initially submitted to the MCO by the one hundred and eightieth (180) calendar day from the date of service, unless DHH, the MCO or its sub-contractors created the error. If a provider files erroneously with another MCO or with DHHs FI, but produces documentation verifying that the initial filing of the claim occurred timely, within the one hundred and eighty (180) calendar day period, the MCO shall process the provider's claim and not deny for failure to

meet timely filing guidelines. The MCO shall not deny claims solely for failure to meet timely filing guidelines due to error by DHH or its subcontractors.

17.2.5.4 For purposes of MCO reporting on payment to providers, an adjustment to a paid claim shall not be counted as a claim and electronic claims shall be treated as identical to paper based claims.

**DHH Invites Health Leaders to Participate in Upcoming Behavioral Health Services Integration  
*Health Leaders Will Work with DHH to Ensure a Smooth Transition***

*Contact: John Ford; (225) 342-9010; [jpford@la.gov](mailto:jpford@la.gov)*

Baton Rouge, La. - The Louisiana Department of Health and Hospitals (DHH) sent invitations to state health leaders and stakeholders last week requesting their input on the process of integrating Medicaid recipients' behavioral health services into the Bayou Health plans.

In November, DHH announced its plan to transition specialized behavioral health services from the Louisiana Behavioral Health Partnership (LBHP) and improve those services by fully-integrating planning, treatment and care coordination with physical healthcare through the recipients' Bayou Health plans.

Meetings for the advisory group, which will include directors and key members of various health and advocacy organizations, are scheduled for Jan. 30, Feb. 20 and March 20 from 1 p.m. to 4 p.m. in Room 118 of the Bienville Building in downtown Baton Rouge. The public is welcome to attend and observe the meetings.

Dr. Rochelle Head-Dunham, DHH's Assistant Secretary and Medical Director for the Office of Behavioral Health, is looking forward to working with the health community during the transition.

"We are committed to improving health outcomes across Louisiana, and we encourage our health leaders to participate in that process," Dunham said. "Involving the community in the transition will help ensure our plan is successful."

DHH anticipates full integration of these services into Bayou Health by Dec. 1, 2015.

The advisory group members will be selected from psychological, social work, licensed professional counselor, pharmacy, state board of medical examiner and psychiatric organizations. Please visit the [Behavioral Health Advisory Council webpage](#) for a full list of advisory group members.

The Louisiana Department of Health and Hospitals strives to protect and promote health statewide and to ensure access to medical, preventive and rehabilitative services for all state citizens. To learn more about DHH, visit [www.dhh.louisiana.gov](http://www.dhh.louisiana.gov). For up-to-date health information, news and emergency updates, follow DHH's Twitter account and [Facebook](#).

### ***Bayou Health Teleconference for Providers***

The Department of Health and Hospitals (DHH) will continue its weekly teleconference for providers interested in learning more about [Bayou Health's managed care organizations \(MCO\)](#), however participation will be limited to the first 250 callers.

The teleconference will take place from noon to 1 p.m. every Wednesday until further notice. DHH staff will provide updates on the upcoming changes to the Bayou Health Program. Staff and representatives from each MCO will be available to answer your questions.

To participate in the teleconference, dial 1-888-278-0296. When prompted, enter access code 2833686.

DHH will take steps to allow more callers to participate in future teleconferences. A summary of each teleconference will be made available on the Health Care Provider page at [www.MakingMedicaidbetter.com](http://www.MakingMedicaidbetter.com).

Providers may also email their questions to [bayouhealth@la.gov](mailto:bayouhealth@la.gov).

DHH is posting notes from each of the week's call. The link to access the page is: <http://new.dhh.louisiana.gov/index.cfm/page/1462> Below are links to each of the documents posted thus far:

### ***Bayou Health Providers: Verify Provider Registry Information***

When selecting a Bayou Health Plan among Louisiana's five managed care organizations (MCOs), Bayou Health enrollees rely on the accuracy of the information contained in the Bayou Health provider registry and the MCO online directories. Medicaid needs your assistance in ensuring your information is accurate and up-to-date, to be certain your patients have the latest information about your practice when making this important decision.

Links to the five MCO provider directories as well as a link to the Bayou Health provider search tool can be found below.

To verify your information, click on the links and search for your practice. Please search for your name

among those MCOs that you are not contracted with and notify us if you appear as part of their network. The inclusion of non-contracted providers in an MCO directory is strictly prohibited and can lead to linkage issues for members.

If your contact information is incorrect, please contact the plan directly to update your information. If you appear in the MCO's provider search but are NOT contracted with the MCO, please notify the Department by contacting Mark Perry at [mark.perry@la.gov](mailto:mark.perry@la.gov) or Jode Burkett at [jode.burkett@la.gov](mailto:jode.burkett@la.gov) as soon as possible.

### SUDIA Recipe: Salsa Mac with Colby Jack

Go beyond basic mac and cheese by adding tomato, bell pepper, onion, and Colby Jack cheese.

Ease: Moderate

Yield: 6 servings

Preparation time: 10 minutes

Cook Time: 30 minutes

Source: Recipe created by Elizabeth Ward, M.S., R.D. and mother of three

#### Ingredients:

1 cup uncooked elbow macaroni

1 medium tomato

1/2 medium green bell pepper

1/2 small onion,

1 tablespoon butter

1 tablespoon all-purpose flour

Fresh ground black pepper

1 1/4 cups 1% lowfat milk

8 ounces lowfat Colby Jack\* cheese, shredded

#### Directions:

Cook macaroni according to package directions. Meanwhile, dice tomato, green bell pepper and onion.

Drain cooked macaroni and add with tomato and green bell pepper. Reserve.

Preheat oven to 350°F. In a medium saucepan, saute diced onion in butter until translucent. Stir in flour and black pepper. Add milk.

Cook until slightly thickened and bubbly. Add cheese and stir until melted. Add macaroni/vegetable mixture to cheese sauce and coat evenly.

Transfer to a 9-inch pie plate. Bake for 25-30 minutes or until bubbly. Cool for about 10 minutes before serving.

\*Can be substituted for lowfat Cheddar cheese.
